THE AMERICAN NUMISMATIC SOCIETY
WEST 156TH STREET

NEW YORK, January 1, 1910

To the Members of
The American Numismatic Society:

In commemoration of the one hundredth anniversary of the establishment in 1808 of the Diocese of New York of the Roman Catholic Church, a medal has been designed by Mr. J. Edouard Roiné, of France, now a resident member of our Society, that in historical record and artistic value will take high rank in the Church medallurgy of the world.

The medal has been struck from dies cut by the Medallic Art Company of this city. It is two and three quarters inches in diameter and its general appearance is fairly portrayed by the annexed half-tone reproduction.

The obverse of the medal is noteworthy, and of special value on account of its portraits of the seven distinguished prelates who presided over the Diocese of New York during the first century of its activities. The center and larger portrait is that of Archbishop Farley, the present incumbent of the sacred office. In the surrounding

field are the portraits, indicated by the names on the outer edge of the medal, of

Bishop Luke Concanen,
1808–1810
Bishop John Connolly,
1814–1825
Bishop John Dubois,
1826–1842
Archbishop John Hughes,
1842–1864
Cardinal Archbishop McClosky,
1864–1885
Archbishop Michael Corrigan,
1885–1902

Above the portrait of His Grace the presiding Archbishop, is the symbol of the Holy Spirit—the dove within the trefoil, typifying the Holy Trinity. Below this portrait, suspended from its frame, is the Pectoral cross, worn by Archbishop Farley and presented to him by Pope Leo XIII. At the left in the circle of portraits is the seal of The American Numismatic Society.

The reverse of the medal is architectural and armorial in its features. The center foreground contains a faithful and impressive perspective-relief of St. Patrick's Cathedral, the creation of the architect James Renwick. At the sides, in the background, are partial representations of St. Peter's Church of 1808 in Barclay Street, and St. Patrick's Church of Mott Street, consecrated in 1815.

The wreath of laurel encircling the edifices is equally divided into four panels in which are placed the following coats of arms: at the top are those of Pope Pius X, the ruling Pontiff. On the lower edge are the arms of Pope Pius VII, who created the Diocese of New York in 1808; while at the right are the arms of Archbishop Farley, and on the left is the coat of arms of the Diocese of New York.

With the exception of the few examples of this medal that are now offered for subscription by the members of The American Numismatic Society, these medals will be issued only through the organization of the Roman Catholic Church in this city.

The numbered examples of this medal will be issued as follows:

In gold:

No. 1 for His Holiness, Pope Pius X 1

In silver:

No. 1 for His Grace, Archbishop Farley	1	
Nos. 2 to 76, both inclusive, for subscription by the members of The American Numismatic Society	75	
	——	76

In bronze:

No. 1 for His Grace, Archbishop Farley	1	
Nos. 2 to 101, both inclusive, for subscription by the members of The American Numismatic Society . .	100	
	——	101

The members of this Society are hereby invited to subscribe for one or more of these medals at the price of $10.00 each for the issue in silver and at $5.00 each for those in bronze.

The allotment of the medals will be made in the order of the subscription therefor, to the limited extent above described. Any of such numbered medals not applied for prior to February 1, 1910, will be disposed of as the Committee on the Publication of Medals may consider for the best interest of this Society.

Subscriptions, with remittances and instructions for delivery, should be sent to Mr. Bauman L. Belden, Director of The American Numismatic Society, West 156th Street, New York City.

Attention is called in this connection to an important series of forty commemorative medals issued by the Papal See and struck at the Papal Mint, in Rome, during the past fifty years, as well as to the series of so-called "di Medici" medals, seventy-eight in number, that have been acquired by presentation during the past six months, and are now on exhibition in the Museum of this Society.

Dear Mr. Martin:-

I enclose herewith a copy of a report made by the Librarian to the Chairman of the Committee on Library, which I have been directed, by the Council, to send to each member of the Council for his information.

Very truly yours,

Secretary.

September 11th, 1913.

Mr. Newell Martin,
20 Exchange Place,
New York.

Dear Sir:-

At the meeting of the Council, which was held yesterday afternoon, but four members, Messrs. Browne, Pryer, Newell and myself, were present, which was one less than a quorum, therefore, positive action could not be taken on the questions relating to the proposed exhibition of United States Coins, which were explained in my report on September 11th, a copy of which was mailed to you.

The members present, however, discussed the matter quite thoroughly in an informal way, and it was their unanimous opinion that the details should be referred to the Committee on Papers and Exhibitions (which consists of Archer M. Huntington, Chairman, Bauman L. Belden and Newland Ward) with full power.

As it is quite necessary that this be decided promptly so as to enable the Committee to progress with the work, it was suggested that I write to each Member of the Council, who was not present, and ask his views regarding this proposition, and should I receive a favorable reply from a majority of the Council, the Committee should then go ahead with the arrangements, the same as if a resolution to that effect had been regularly adopted at a meeting.

I would, therefore, request that you advise me as to your views on this question at your earliest convenience.

Very respectfully,

Director.

Dear Mr. Belden:-

In looking over your report of November 6th I notice that you say, "it has been necessary to make connections with the new sewer." It may be that it will be policy, until Mr. Huntington has made his final decision, to avoid connecting with the sewer in 155th Street. He may wish to protest against that sewer and to claim that it should not have been made. I am not expressing any opinion in the matter.

Most sincerely,

Newell Martin

Dear Mr. Belden:-

You have asked whether the American Numismatic Society has to make a report under the Federal Income Tax Law. It does not have to pay a tax or make a return, as it is a corporation established entirely for scientific and educational purposes, no part of the net income of which enures to the benefit of any private stockholder or individual.

Most sincerely,

Newell Martin

Dear Mr. Martin:-

I was sorry to hear that we were under the weather yesterday, and hope you are feeling all right by this time. I saw Mr. Fair yesterday afternoon, and left with him the deed that we want recorded. I also spoke to him about the question of taxation of the land covered by the deed, and the fact that two other tax bills were still hanging fire when we settled up the assessments last year.

As regards the petition for exemption, I will sign this as Secretary of the Society instead of Director.

You asked us for a copy of our by-laws adopted regarding the election of members, and I enclose it herewith.

Very sincerely yours,

January 8th, 1915.

Mr. Newell Martin,

Dear Mr. Martin:-

Many thanks for your letter of January 7th regarding Mr. Herbert Scoville. I will present his name for election at the next meeting of the Council.

With kind regards, I am,

Very sincerely yours,

Dear Mr. Martin:-

Replying to your letter of January 7th I would say the apportioning of the tax of $108.80 on former lot 16, Block 2134, was done in the tax office.

Some one from Mr. Huntington's office went there and paid Mr. Huntington's proportion of this tax, which amounted to $24.47, when there he was told that this Society had applied for exemption on its portion of this lot for 1915, but not for the last half of 1914, and was given to understand that they were rather surprised that exemption for the last half of 1914 had not been applied for, and that they could see no reason why it would not be granted if applied for.

This was told me in Mr. Gates' office, and I give it to you for what it is worth, it would seem, however, that if there is any chance of getting this half year's exemption, it is worth trying for.

I am sending all the papers back to you to keep them together, and I would be glad to have them again when you are through with them.

With kind regards, I am,

Very sincerely yours,

March 19th, 1915..

New York.

Dear Mr. Martin:-

I have made the inquiry requested in your letter of February 6th, and I enclose herewith a copy of my letter to Mr. Gates and a reply from Mr. Merrill, which are self explanatory.

I also return the tax bill and other correspondence, which please return to me when you are through with them.

Cordially yours,

Dear Sirs:-

Before Mr. Martin went away he left a Power of Attorney at the office here. He requested us to write you that if his being on the Board of Trustees of the Numismatic Society or on any one of the Committees is inconvenient on account of his absence from the city and you find it necessary at any time to have a successor appointed for him, you can let Miss L.F. Vanner, of this office, know and she will have a resignation signed by Mr. Martin's attorney and send it to you to be used as you see fit.

Very truly yours,

Dear Sir:-

Replying to your note of the 11th I beg to advise that I am unable to find that your son, Grinnell Martin, at any time became a member of our Society. You and Mrs. Martin are enrolled as Fellows for life. I trust you understand that he would not for this reason need to hesitate to avail himself of the privileges of our Museum.

Thank you for your appreciative word regarding the Journal. It is very pleasant to receive the letters of commendation which have been arriving since it was issued.

Very respectfully yours,

Dear Sirs

At the request of
Laura Grinnell Martin
(Mrs. Newell Martin) I am
sending You a small book.

It is "Coins of the Ta Tsing dynasty." published in the Journal of the Shanghai Literary & Scientific Society, at Shanghai, in 1858.

The book was given to Mrs. Martin by the late W. A. P. Martin and is given by her to you.

You doubtless have it but it is rare enough for

you to be willing to
use another duplicate.
You will be interested,
in any case, if you refresh
your memory of page 99.

Very truly
